

STATE UNIVERSITY OF WEST GEORGIA – Carrollton, Georgia
CENTRAL CAMPUS DINING HALL RENOVATION

SCOPE Provide mechanical systems design and construction phase services for HVAC and plumbing systems for renovation of 9,000 sq. ft. dining hall.

Owner
State University of West Georgia

Mechanical Contractor
Batchelor & Kimball

Prime Consultant
Aramark

Construction Cost
\$550,000 (total)
\$65,500 (mechanical)

SPECIAL CIRCUMSTANCES

- Accelerated design schedule of five months from design start to construction completion.
- Re-distribute air in servery and design new servery range exhaust systems while minimizing impact on existing mechanical systems operation.
- Replace existing floor drains, remove obsolete piping, and route piping to new fixtures.
- Make-up air type range exhaust hoods to minimize impact on existing mechanical systems.
